Hi Diane,

Brigid asked for a summary of the issue, in preparation for the briefing for Larry and Dana (still in the works of being scheduled). Can you take a look at the summary I drafted up and provide any edits?

Thanks,  
Sun

Good morning

I am attaching the 2 memos concerning the Woodbrook Road Dump site. The first, you have seen before, is the risk assessment memo, there have been no changes. Second is the compliance averaging memo. Both have gone through region 2 staff and management review and the region is prepared to discuss with your team at your earliest convenience.

Thanks
